4TH INTERNATIONAL CONFERENCE ON ENVIRONMENTAL HORIZON Valuing and Conserving Nature

8-10 January 2016

JOINTLY ORGANIZED BY:
Department of Chemistry
& International Center for
Chemical & Biological Sciences
University of Karachi

CORRESPONDENCE:

Dr. Rehana Saeed, Secretary Organizing Committee (0336-2642414, 0300-2594274)
Department of Chemistry, University of Karachi, Karachi 75270 Pakistan
Tel: + 92-21-99261300-6 Ext: 2290
www.chemuok.edu.pk, iceh2016@gmail.com

The 4th International Conference on Environmental Horizon; Valuing and Conserving Nature (ICEH-2016) aims to bring together leading academic scientists, researchers, health professionals, practitioners, educators and scholars to exchange and share their experiences and ideas about all aspects of environmental sciences, and discuss the practical challenges encountered and the solutions adopted in this field. Environmental health and quality, benefits of new technology, and technical description of successful solutions are some of the important areas of this conference.

We look forward to welcome you to an inspiring, educational, and enjoyable program in vibrant Karachi

Will be held on
8-10 January 2016
at the
Department of Chemistry
&
International Center for Chemical and Biological Sciences
University of Karachi.

General Instructions

Abstracts can be submitted online on our website. Register your account on the website www.chemuok.edu.pk. Read the author instruction section carefully for further information before submitting the abstract.

Abstract and registration forms may also be downloaded and submitted through email at icoh2016@gmail.com

Properly filled-in-form may also be sent via surface mail/courier with the cash/any bank draft to the organizing secretary before deadline 15th October, 2015

REGISTRATION	LOCAL DELEGATES	
	Early bird registration (PKR)	After Deadline (PKR)
Faculty/Researchers/Govt officials	2000/-	2500/-
Students (certificate Required)	1500/-	2000/-
Private/ Industries	4000/-	5,000/-
Accompanying Person	1500/-	2500/-
FOREIGN DELEGATES (in USD)		
Faculty/ Researchers	250/-	300/-
Students (certificate Required)	100/-	200/-
Accompanying Person	150/-	250/-
Private/ Semi Gov/ Industries	300/-	350/-

Accommodation

For details visit the website www.chemuok.edu.pk

Payment

The payment for registration and accommodation should be made through bank draft in favor of

“Environmental Horizon”.

Substitutions / Cancellations

All the substitution / cancellation of registration must reach in written on or before 5th December 2015.

Karachi- A megacity

Karachi, at the southern edge of the country, is the financial and cultural capital of Pakistan. Karachi has a rich history, from a small fishermen village to a giant city. Karachi has gone through everything from the Mughal golden period to the British supremacy and from the struggle of independence to the major financial hub that it is today. Each era has left its marks over Karachi. These landmarks are not only a treat for the eyes of history lovers but also are the witnesses of the major events in the history of the city. One of the most important landmarks in the city of Karachi is the Mausoleum of the Quaid e Azam (the Great Leader) Muhammad Ali Jinnah. Mohatta Palace is another attraction where Fatima Jinnah (the sister of Jinnah) resided after independence. Other historical marvels include the Wazir Mansion, Empress Market and other British RAJ architectures.

Karachi is ethnically and religiously a diverse city with fast paced life-style. With innumerable opportunities for shopping, nightlife and eating out, there is a lot to do and see here. Its wide sunny beaches, deep-sea fishing, yachting, golf, horse racing and pleasantly mild climate all-year round will surely take your heart away.

Climate:

In the month of January, the cold conditions continue in the city and sometimes get very cold due to the Western Disturbance. The temperature of city ranges from 12°C to 26°C.

Objectives:

1. Devoting one's self to research which includes asking questions and discovering new paths while seeking for the answers.
2. To report on the latest research achievements and developments.
3. To strengthen academic exchanges between researchers and academia.
4. To contribute the progress in environmental sciences.
5. To provide high quality online platform for publishing original research work.
6. Raising awareness and appreciation of the role of chemistry in national development.

Who Should Attend Academic and Research Institutions, Government & Non-Government Organizations Public & Private R&D and Industrial Sector are encouraged to attend.

Key Themes

Environmental Health, Toxicology,

Epidemiology and Biostatistics,

Carbon Pollution, GHG Emission and Control

Renewable Energy, Endangered species,

Marine and Air Pollution

Green Synthesis, Medical Geology,

Nanomaterial-Risk and Benefits,

Exposure Assessment

Phytoremediation

4TH INTERNATIONAL CONFERENCE ON ENVIRONMENTAL HORIZON

Valuing and Conserving Nature

8-10 January 2016

WHO SHOULD ATTEND

Academic and
Research Institutions
Government &
Non Governmental
Organizations
Public & Private R&D
Industrial Sector

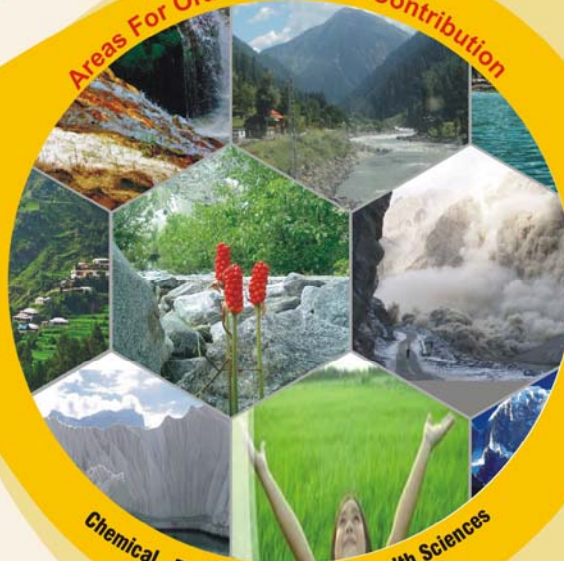

KEY THEMES

Environmental Health,
Toxicology, Epidemiology
and Biostatistics,
Carbon Pollution, GHG Emission
and Control, Renewable
Energy, Endangering Species,
Marine and Air Pollution
Green Synthesis,
Medical Geology,
Nanomaterial-Risk
and Benefits,
Exposure Assessment,
Phytoremediation
